

Colombia, Barranquilla - Atlántico, November 27, 2023.

ACT N° 001-2023

Request for Information to Suppliers - RIF
Monómeros - 001 of 2023.

The society Monómeros Colombo Venezolanos S.A., under the International Public Tender to be carried out under the parameters and guidelines defined by the Public Contracting Regime in Colombia, is pleased to state for the record that;

On the date established in the schedule of the Request for Information to Suppliers - RIF, Monómeros - 001 of 2023, whose purpose is to obtain information for the acquisition of technology for the secondary abatement of nitrous oxide (N₂O), **NO additional questions or observations were received** from suppliers in the market study stage.

This is due to the fact that the deadline for the presentation of questions or observations (**second session**) expired on **November 21, 2023**, without receiving any request for additional information from the interested parties.

Due to the above, Monómeros will publish the document containing the modifications to the **definitive conditions and technical specifications**, so that the suppliers interested in participating in the market study may send their quotation together with the answers to the questions formulated about the supply, related in (Annex N° 2).

In acknowledgement of the foregoing, this document is published on November 27, 2023.
